Irrigation

Want Irrigation Training? We'll Bring Classes to Your Office.

We provide the class, you provide the location.
Best of all... It's compliments of Toro/Irritrol

Irritrol®

HERE'S HOW IT WORKS

We furnish the instruction and handouts, you furnish the classroom and bring the attendees. Toro University certificates of completion will be given for hours of attendance. The instructor is a certified Irrigation Designer, certified Irrigation Auditor and taught college

level irrigation design for twenty-five years. Toro/Irritrol sponsors these classes **FREE!** To schedule any of these classes or to request another topic of interest, please email a Toro representative listed on the back panel of this brochure for assistance.

1

One Hour

Lunch & Learn Topics for Two or More Landscape Designers:

- ✓ Irrigation products to save water for LEED credits.
- ✓ Irrigation ideas for eco-roofs & streetscapes.
- ✓ Temporary irrigation for riparian/reclamation plantings.
- ✓ Specs for bidder designed projects.
- ✓ Two-wire vs. conventional wire control systems.

2

Two Hour

Irrigation Design Modules for Four or More People:

- ✓ Irrigation parts—the right product for the right application.
- ✓ Gathering site data & determining water availability.
- ✓ Basic irrigation hydraulics.
- ✓ Sprinkler layout-precipitation rate-matched precipitation.
- ✓ Creating irrigation zones.
- ✓ Determining the water window & creating schedules.
- ✓ Sports field & open space irrigation.
- ✓ Drip irrigation.

All eight modules can be combined for up to a sixteen hour, two day class.

3

Eight Hour

Irrigation Troubleshooting Class for Four or More People:

- ✓ Irrigation system maintenance and troubleshooting.
