experience

asakura robinson

Planning / Landscape Architecture / Urban Design

Houston, TX

October 2016 - May 2018

Senior Associate Designer

Working in a multi-disciplinary firm, my primary responsibility was as project manager within the Landscape Architecture studio.

- Coordinated construction document production with multiple ACE disciplines and COH permitting process
- Managed construction observation
- Assisted in the internal QA/QC process
- Co-chaired the graphic and CAD standards committees within the firm
- Assisted with weekly office workload planning
- Expanded the firm's drone photography and tactical urbanism studios
- Gained valuable experience in proposal writing, SOQ development, and networking
- Focused on collaboration with internal Urban Ecology and Planning Studios
- Organized and assembled teams for design competitions and tactical urbanism events
- Regularly engaged with city officials, government employees, and community leaders
- Proponent of green stormwater infrastructure, low impact design strategies at all scales
- Promoted to Senior Associate from Associate

clark condon associates

Landscape Architecture

Houston, TX

May 2013 - February 2016

Assistant Project Manager

I prioritized focusing on construction document production and construction observation.

- Coordinated plan drawings, construction details, and specifications
- Placed a strong emphasis on graphical and written clarity
- Developed a strong attention to detail and understanding of architectural project management.
- Founded an office design collaboration, leveraging pro-bono work.
- Promoted to Assistant Project Manager from Entry Level.
- Voluntarily left Clark Condon in February 2016 to thru-hike the Appalachian Trail.
